Section 1 – Introduction

This directory provides a list of Aetna Medicare (HMO) (PPO) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

If you are enrolled in a standard Aetna Medicare Health Maintenance Organization (HMO) plan, you will have to choose one of our network providers who are listed in this directory to be your **Primary Care {Physician/Provider} (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP will issue referrals to participating specialists and facilities for certain services. For some services, your PCP is required to obtain prior authorization from Aetna. You must use network providers except for urgent care or out-of-area urgent care or renal dialysis. Except for those benefits described in your plan documents as direct-access benefits, or in an emergency, you will need to obtain a referral from your PCP before seeking covered non-emergency specialty or hospital care. You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

If you are enrolled in an Aetna Medicare (HMO) Open Access plan, you are not required to choose a primary care physician (PCP) and are free to visit network providers without a referral to receive covered services. You must use network providers except for an emergency, urgent care, out-of-area urgent care, or renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

If you are enrolled in an Aetna Medicare Preferred Provider Organization (PPO) plan, you have the flexibility to choose either network providers to receive covered services at lower out-of-pocket costs, or out-of-network providers at a higher cost sharing level. With the exception of emergencies, urgent care or out-of-network renal dialysis, it may cost PPO members more to get care from out-of-network providers. You can use any Aetna Medicare PPO network PCP and pay the plan’s lower primary

doctor visit copay. Although you are not required to select a PCP, you are encouraged to do so. If you receive covered services from an out-of-network provider, it is important to confirm they will accept your PPO plan and are eligible to receive Medicare payment.

The “network providers” listed in this directory have agreed to provide you with your health care, vision, hearing and dental coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

In cases where non-contracting providers submit a bill directly to you, you should not pay the bill, but submit it to Aetna Medicare for processing and determination of your financial liability, if any.

Certain health care services, such as hospitalization or outpatient surgery, require precertification with Aetna. This means the service must be approved by Aetna before it will be covered under the plan. Check your Evidence of Coverage for a complete list of services that require this approval. When you are to obtain services requiring precertification from a participating provider, the provider is responsible to precertify those services prior to treatment. If your plan includes an out-of-network benefit and you decide to receive covered services from an out-of-network provider it is your responsibility to contact Aetna to precertify those services.

If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. Whether you are in or out of an Aetna Medicare service area, we simply ask that you follow the guidelines below when you believe you need emergency care.

- Call the local emergency hotline (ex. 911) or go to the nearest emergency facility. If a delay would not be detrimental to your health, call your PCP. Notify your PCP as soon as possible after receiving treatment.
- If you are admitted to an inpatient facility, you or a family member or friend on your behalf should notify your PCP or Aetna as soon as possible.

If you are traveling outside of the Aetna Medicare (HMO) (PPO) plan service area, you are covered for emergency and urgently needed care. Urgent care may be obtained from a private practice physician, a walk-in clinic, an urgent care center or an emergency facility. If, after reviewing information submitted to us by the provider that supplied care, the nature of the urgent or emergency problem does not qualify for coverage, it may be necessary to provide us with additional information.

Follow-up care after emergencies

All follow-up care should be coordinated by your PCP. Follow-up care with nonparticipating providers is only covered with a referral from your PCP and prior authorization from Aetna. Whether you were treated inside or outside your Aetna Medicare service area, if your plan requires referrals, you must obtain a referral before any follow-up care can be covered. If your plan does not require referrals you should contact Aetna at the number on your ID card before care is received at non-network facilities. Suture removal, cast removal, X-rays and clinic and emergency room revisits are some examples of follow-up care.

PPO plans: All in-network and out-of-network follow-up care will be covered under the terms and conditions of your plan.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area HMO plan members must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If HMO plan members obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

Sección 1: Introducción

Este directorio contiene una lista de proveedores que pertenecen a la red de la (HMO) (PPO) de Aetna Medicare. Para obtener información detallada sobre su cobertura médica, por favor consulte la Evidencia de Cobertura.

Si está inscrito en un plan estándar de Organización de Mantenimiento de la Salud (HMO) de Aetna Medicare, tendrá que seleccionar a uno de nuestros proveedores que pertenecen a la red que aparecen en este directorio como su médico de familia (PCP). El término "PCP" se usará en todo el directorio. Por lo general, debe obtener su cobertura médica de su médico de familia (PCP). Su PCP le dará referencias médicas a los especialistas y centros médicos que pertenecen a la red para la provisión de ciertos servicios. En el caso de algunos servicios, su PCP deberá obtener autorización previa de Aetna. Usted debe usar la red de proveedores excepto en caso de atención de urgencia o atención de urgencia o diálisis renal fuera del área. Excepto en los casos de los beneficios de acceso directo o en caso de emergencia según se indica en los documentos del plan, usted tendrá que obtener una referencia médica de su PCP antes de obtener atención médica de especialidad u hospitalaria si no se trata de una emergencia. Usted debe usar a los proveedores del plan excepto en casos de emergencia o urgencia, o de diálisis renal fuera del área. Si obtiene atención de rutina de proveedores que no pertenecen a la red, ni Medicare ni Aetna se responsabilizarán por los costos.

Si está inscrito en un plan (HMO) de acceso directo de Aetna Medicare, no tiene que seleccionar a un médico de familia (PCP) y puede atenderse con proveedores que pertenecen a la red sin una referencia médica para recibir los servicios cubiertos. Usted debe usar a los proveedores que pertenecen a la red excepto en casos de emergencia o urgencia, o de diálisis renal urgente fuera del área. Si obtiene atención de rutina de proveedores que no pertenecen a la red, ni Medicare ni Aetna se responsabilizarán por los costos.

Si está inscrito en un plan de Organización de Proveedores Preferidos (PPO) de Aetna Medicare, usted tiene la flexibilidad de seleccionar proveedores que pertenecen a la red a costos de bolsillo más bajo o

proveedores que no pertenecen a la red por un costo compartido más alto. A excepción de casos de emergencia o atención médica de urgencia o diálisis renal fuera de la red, puede ser más caro para los miembros de una PPO obtener atención médica de proveedores que no pertenecen a la red. Usted puede usar a cualquier PCP que pertenezca a la red PPO de Aetna Medicare por un copago menor correspondiente al médico de familia del plan. Aunque no es obligatorio seleccionar un PCP, se le anima a hacerlo. Si recibe servicios cubiertos de un proveedor que no pertenece a la red, es importante confirmar que aceptará su plan PPO y que es elegible para recibir pagos de Medicare.

Los "proveedores que pertenecen a la red" incluidos en este directorio, han acordado proporcionarle su cobertura médica, de la vista, audición y dental. Usted puede ir a cualquiera de nuestros proveedores incluidos en este directorio; sin embargo, podría requerir referencias médicas para algunos servicios. Si ha estado yendo a un proveedor que pertenece a la red, no es necesario continuar yendo al mismo. En algunos casos, puede obtener servicios cubiertos de proveedores que no pertenecen a la red.

En los casos en los que los proveedores sin contrato le presentan una factura directamente a usted, usted no debe pagar la factura sino presentarla a Aetna Medicare para que sea procesada y para que se determine su responsabilidad financiera, si la hubiese.

Ciertos servicios médicos, como por ejemplo la hospitalización o la cirugía ambulatoria, requieren la precertificación de Aetna. Esto significa que el servicio debe ser aprobado por Aetna antes de que el plan lo cubra. Consulte su Evidencia de Cobertura para obtener una lista completa de servicios que requieren esta aprobación. Cuando usted obtenga servicios que requieran precertificación a través de un proveedor que pertenece a la red, el proveedor debe precertificar los servicios antes del tratamiento. Si su plan incluye un beneficio fuera de la red y usted decide recibir los servicios cubiertos de un proveedor que no pertenece a la red, será su responsabilidad contactar a Aetna para precertificar esos servicios.

Si necesita atención médica de emergencia, tendrá cobertura las 24 horas del día, los 7 días de la semana en cualquier lugar del mundo. Si está dentro o fuera de un área de servicio de Aetna Medicare, simplemente

www.aetnamedicare.com

le pedimos que siga las siguientes pautas si piensa que necesita atención médica de emergencia.

- Llame a la línea directa de emergencia (por ejemplo, 911) o vaya al centro médico de emergencia más cercano. Si piensa que esperar un poco no va perjudicar su salud, llame a su PCP. Notifique a su PCP lo antes posible después de recibir tratamiento.
- Si se le admite en un centro como paciente interno, usted o un familiar o amigo en su nombre, debe notificar a su PCP o Aetna lo antes posible.

Si está viajando fuera del área de servicio del plan (HMO) (PPO) de Aetna Medicare, recibirá cobertura de la atención médica de emergencia y de urgencia. La atención médica de urgencia puede recibirse de un médico de práctica privada, una clínica de atención sin citas o un centro médico de emergencia. Si después de revisar la información presentada por el proveedor que le atendió, se determina que la naturaleza del problema de atención médica de urgencia o emergencia no califica para recibir cobertura, probablemente sea necesario que nos proporcione información adicional.

Seguimiento médico después de emergencias

Todo seguimiento médico debe ser coordinado por su PCP. El seguimiento médico con proveedores que no pertenecen a la red sólo es cubierto si cuenta con una referencia médica de su PCP y la autorización previa de Aetna. Sin importar si recibió tratamiento dentro o fuera del área de servicio de Aetna Medicare, si su plan requiere referencias médicas, usted debe obtener una referencia médica antes de que se pueda cubrir ningún seguimiento médico. Si su plan no requiere referencias médicas debe contactar a Aetna al número de teléfono que aparece en su tarjeta de identificación antes de recibir el servicio en centros que no pertenecen a la red. La extracción de puntos, de yeso, las radiografías y las visitas de seguimiento a la clínica y sala de emergencia son algunos ejemplos del seguimiento médico.

Planes PPO: Toda la atención médica recibida dentro y fuera de la red será cubierta de acuerdo con los términos y condiciones de su plan.

Siempre puede obtener atención médica de emergencia dentro o fuera del área de servicio del proveedor médico disponible más cercano. Los miembros del plan HMO deben usar los proveedores del plan para recibir atención médica de urgencia cuando estén dentro del área de servicio. Cuando está fuera del área de servicio, puede obtener atención médica de urgencia del proveedor que esté disponible primero. Además, cuando esté fuera del área de servicio, podrá obtener tratamiento de diálisis de cualquier proveedor calificado de diálisis. Si los miembros del plan HMO obtienen atención médica de rutina de proveedores que no pertenecen a la red, ni Medicare ni Aetna se responsabilizarán por los costos.

Pharmacies

This section provides a list of the Aetna Medicare plan network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Aetna Medicare plan formulary. If you have additional questions, please call our Member Services at 1-800-282-5366, 8 am to 8 pm, 7 days a week. TTY/TDD users should call 1-888-760-4748. Or, visit www.aetnamedicare.com.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by the Aetna Medicare plan. In most cases, your prescriptions are covered under Aetna Medicare plan only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

Aetna Medicare Preferred Mail-Order Pharmacy: Preferred mail-order pharmacies are pharmacies in our mail-order network in which our Plan has negotiated lower cost-sharing for its plan members for covered prescription drugs than at other Aetna Medicare mail-order network pharmacies. However, you will still have access to lower drug prices at other Aetna Medicare mail-order network pharmacies than at out-of-network mail-order pharmacies. You may order from either of these types of mail-order network pharmacies to receive your covered prescription drugs. If you are an Aetna Medicare plan member, refer to the table below for the preferred mail-order pharmacy benefit.

Preferred Mail-Order Pharmacy	Preferred Mail-Order Pharmacy Benefit
Aetna Rx Home Delivery	May offer cost-sharing when purchased through Aetna Rx Home Delivery

How can you get a long-term supply of drugs?

Many drugs that you may take on a regular basis for a chronic or long-term medical condition are available in a long-term (up to 90-day) supply. These are called “mail-order” drugs on our plan’s Drug List. When you get a long-term supply of these drugs your cost sharing may be lower. Our plan offers two ways to get a long-term supply of mail-order drugs:

1. All **retail** and **chain** pharmacies in our network can fill a prescription for a long-term supply of mail-order drugs.
2. You can use the plan’s network **mail-order services** and have your drugs delivered to you. Our preferred mail-order service may offer lower cost-sharing for long-term supplies. Your plan’s Evidence of Coverage lists cost-sharing information.

To request an order form for our plan’s preferred mail-order service or for help with any questions you may have on getting a long-term supply of your drugs, please contact Member Services at the number on your ID Card.

Aetna Medicare Plan Network Pharmacies

To find a network pharmacy near your home, look under the pharmacy section of this directory. The state, county and city are listed alphabetically in the pharmacy section. Network pharmacies that support electronic prescribing are indicated with **eRx**.

Farmacias

Esta sección contiene una lista de las farmacias que pertenecen a la red del plan Aetna Medicare. Para obtener una descripción completa de su cobertura de farmacia, incluyendo como obtener sus medicamentos bajo receta, por favor revise la Evidencia de Cobertura y el listado de medicamentos del plan de Aetna Medicare. Si tiene preguntas adicionales, por favor llame a Servicios al Miembro al 1-800-282-5366, de 8 a.m. a 8 p.m., los 7 días de la semana. Los usuarios TTY/TDD deben llamar al 1-888-760-4748. También puede visitar el sitio de Internet www.aetnamedicare.com.

Las farmacias de esta lista se conocen como "farmacias que pertenecen a la red" porque tenemos un contrato con ellos para proporcionar medicamentos bajo receta a los miembros del plan. Una farmacia que pertenece a la red es una farmacia donde los beneficiarios obtienen los medicamentos bajo receta provistos por el plan Aetna Medicare. En la mayoría de casos, sus medicamentos son cubiertos por el plan Aetna Medicare solo si los obtiene en una farmacia que pertenece a la red o a través de nuestro servicio de entrega de medicamentos a domicilio. Si va a una, no es necesario que continúe yendo a la misma farmacia para obtener sus medicamentos. Puede ir a cualquiera de nuestras farmacias que pertenecen a la red. También le entregaremos medicamentos bajo receta en las farmacias que no pertenecen a la red bajo las circunstancias descritas en su Evidencia de Cobertura.

Farmacia de entrega a domicilio de Aetna Medicare: Las farmacias de entrega a domicilio preferidas son las farmacias de entrega a domicilio que pertenecen a nuestra red con las que nuestro plan ha negociado una participación de costos más baja en la compra de medicamentos bajo receta para los miembros del plan en comparación a otras farmacias de entrega a domicilio que pertenecen a la red de Aetna Medicare. Sin embargo, aún tendrá acceso a precios más bajos por los medicamentos en otras farmacias de entrega a domicilio que pertenecen a la red de Aetna Medicare que en las farmacias que no pertenecen a la red. Puede hacer pedidos de cualquiera de estas farmacias de entrega a domicilio que pertenecen a la red para recibir sus medicamentos bajo receta. Si usted es miembro de un plan de Aetna Medicare, consulte el cuadro en la siguiente página para informarse sobre el beneficio de farmacia de entrega a domicilio preferida.

Farmacia de entrega a domicilio preferida	Beneficio de farmacia de entrega a domicilio preferida
<i>Aetna Rx Home Delivery</i> (farmacia de entrega a domicilio de Aetna)	Puede ofrecer costos compartidos cuando se compra a través de <i>Aetna Rx Home Delivery</i>

¿Cómo puede obtener un suministro de medicamentos de largo plazo?

Muchos medicamentos que toma habitualmente para las condiciones médicas crónicas o de largo plazo están disponibles en suministros de largo plazo (hasta 90 días). Se conocen como los medicamentos de "entrega a domicilio" del listado de medicamentos de nuestro plan. Cuando usted recibe un suministro de largo plazo de estos medicamentos, su costo compartido puede ser menor. Nuestro plan ofrece dos formas de obtener un suministro de largo plazo de medicamentos de entrega a domicilio:

1. Toda farmacia de **venta** y de **cadena** que pertenece a nuestra red puede entregar un medicamento bajo receta en suministros de largo plazo de medicamentos de entrega a domicilio.
2. Usted puede usar los servicios de **entrega a domicilio** y recibir sus medicamentos por correo. Nuestro servicio preferido de entrega a domicilio puede ofrecer costos compartidos más bajos para los suministros de largo plazo. Vea la información de costos compartidos que aparece en la Evidencia de Cobertura de su plan.

Para solicitar un formulario de pedido para el servicio preferido de entrega a domicilio de nuestro plan o para obtener ayuda con cualquier pregunta que pueda tener sobre la compra de un suministro de largo plazo de sus medicamentos, por favor comuníquese con Servicios al Miembro al número que aparece en su tarjeta de identificación.

Farmacias que pertenecen a la red de Aetna Medicare

Para encontrar una farmacia que pertenece a la red cerca de su hogar, mire la sección de farmacias en este directorio. El estado, condado y ciudad aparecen listados en orden alfabético en la sección del plan de farmacia. Las farmacias que pertenecen a la red y permiten recetas médicas electrónicas están identificadas con el siguiente símbolo **eRx**.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Centros de trasplante de los Institutos de Excelencia

El programa de excelencia médica nacional de Aetna coordina la atención médica y proporciona acceso al tratamiento de trasplante cubierto a través de la red de los Institutes of Excellence™. Hemos seleccionado a hospitales que han demostrado calidad extensivamente, así como criterios de economía para participar en nuestros centros de trasplante de los Institutos de Excelencia para el trasplante de órganos sólidos y de médula ósea. Estos centros médicos han sido contratados sobre la base específica de trasplantes y los centros médicos se consideran participantes sólo para el tipo de trasplante listado en este directorio.

Para que se considere la cobertura dentro de la red de servicios relacionados con trasplantes, incluyendo la evaluación, trasplante y cuidado de seguimiento, usted debe utilizar un centro médico participante que ha sido específicamente contratado por Aetna para su tipo de trasplante. Los servicios deben ser pre-autorizados con Aetna para que la cobertura sea válida. Cualquier centro médico no especificado como centro médico de la red de los Institutos de Excelencia se considera como centro médico no participante o no preferido de servicios relacionados con trasplantes incluso si se considera participante para otros tipos de servicios.

Institutes of Quality[®]

The hospitals and health care centers listed in this section are in the Aetna Institutes of Quality (IOQ) Network. They treat special health conditions and their services include: weight loss surgery, cardiac care (such as heart surgery), and orthopedic care (such as knee and hip replacements, or surgery of the spine). These centers belong to our quality network. They have high volumes and produce clear clinical results. Having a high volume means that they do a lot of procedures in their area of specialty. This delivers value and quality to Aetna Medicare members.

Our quality network requirements were created by working with experts on these health conditions. You can find the requirements on the web at:

www.aetna.com/provider/medical/resource_med/business_med/institutes.html

You may need preauthorization for these services. Please see our Clinical Policy Bulletins. You can find them under Health Coverage Information on www.aetna.com (our public website). Not all Institutes of Quality services are covered by all health plans. And some Institutes of Quality do not have doctors who contract with Aetna Medicare. You may have to pay extra if you use a center that does not have doctors who contract with Aetna Medicare. Call the number on your ID card to find out.

Total Number = 246

Institutos de Calidad

Los hospitales y centros de atención médica detallados en esta sección pertenecen a la red de los Institutos de Calidad (IOQ) de Aetna. Tratan condiciones médicas especiales y sus servicios incluyen: cirugía para bajar de peso, servicios cardíacos (como cirugía del corazón) y servicios ortopédicos (como reemplazo de rodilla y cadera o cirugía de la columna vertebral). Estos centros pertenecen a nuestra red de calidad. Tienen volúmenes altos y producen resultados clínicos claros. Tener un volumen alto significa que hacen muchos procedimientos en su área de especialidad. Esto entrega valor y calidad a los miembros de Aetna Medicare.

Los requisitos de calidad de nuestra red se desarrollaron a través del trabajo con expertos en estas condiciones médicas. Puede encontrar los requisitos en el sitio de Internet:

www.aetna.com/provider/medical/resource_med/business_med/institutes.html

Es posible que necesite una autorización previa para recibir estos servicios.

Por favor vea nuestros Boletines de política clínica. Puede encontrarlos bajo Información de cobertura médica en www.aetna.com (nuestro sitio de Internet público). Nuestros planes médicos no cubren todos los servicios de los Institutos de Calidad. Además, algunos Institutos de Calidad no tienen médicos que tengan contratos con Aetna Medicare. Es posible que tenga que pagar más si usa un centro que no tiene médicos que tengan contratos con Aetna Medicare. Llame al número que aparece en su tarjeta de identificación para averiguar más.

For the Latest Provider Information

As an Aetna Medicare member, you can easily link to our DocFind® online provider directory to locate physicians or other health care professionals in your area.

Take charge of your health with help from Aetna Medicare — www.aetnamedicaredocfind.com

On the Web

You can also access information about physicians' hospital affiliations, medical education, board certification status and languages spoken. Connect to the Aetna Medicare website for fast access to other resources available to our members. You'll learn more about our commitment to making quality health accessible, affordable and convenient.

Aetna is committed to Accreditation by the National Committee for Quality Assurance (NCQA) as a means of demonstrating a commitment to continuous quality improvement and meeting customer expectations. A complete listing of health plans and their NCQA accreditation status can be found on the NCQA website located at <http://www.ncqa.org/tabid/142/Default.aspx>. To refine your search, we suggest you search these areas: Managed Behavioral Healthcare Organizations – for behavioral health accreditation; Credentials Verification Organizations – for credentialing certification; Managed Care Organizations - for HMO and PPO health plan accreditation; Recognition Directory - for physicians recognized by NCQA in the areas of heart/stroke care, diabetes care, back pain and systematic processes; Physician and Hospital Quality (PHQ) that evaluates how health plans measure and report the quality and cost of physicians and hospitals. Providers who have been duly recognized by the NCQA Recognition Programs are annotated in the provider listings section of this directory. Providers, in all settings, achieve recognition by submitting data that demonstrates they are providing quality care. The program constantly assesses key measures that were carefully defined and tested for their relationship to improved care; therefore, NCQA provider recognition is subject to change.
